BROADBAND PCS AUCTION RULES MODIFIED IN THREE RESPECTS - PP DOCKET 93-253 (Report No. DC-2683, Action in Docket Case)

The Commission has modified, on its own motion, some of the Broadband personal Communications Service (PCS) auction rules adopted in the Fourth Memorandum Opinion and Order. The Commission said that, in light of its experience in the national regional narrowband PCS license auctions, it would modify its rules pertaining to three aspects of auction design for the broadband PCS auctions: procedures for closing an auction; timing of the auctions in the entrepreneurs' blocks; and the anti-collusion rules.

Action by the Commission November 16 by MO&O (FCC 94-295).
